

STATE OF UTAH
HAZARDOUS WASTE STORAGE PERMIT

September 30, 2008

PERMITTEE:

ATK Launch Systems Inc.
Promontory Facility
Brigham City, Utah

EPA Identification Number UTD009081357

Pursuant to the Utah Solid and Hazardous Waste Act, 19-6-101, et. seq., Utah Code Annotated 1953, as amended, and the regulations promulgated by the Utah Solid and Hazardous Waste Control Board, codified in the Utah Administrative Code R315, and pursuant to the Solid Waste Disposal Act, 42 U.S.C. 3251 et. seq., as amended by the Resource Conservation and Recovery Act of 1976, 42 U.S.C. 6901 et. seq., and the Hazardous and Solid Waste Amendments of 1984 (HSWA), a permit is issued to the ATK Launch Systems Inc. – Promontory facility (herein after called the “Permittee”). The facility is located in Box Elder County, Utah at 41 degrees, 39 minutes, 33 seconds north latitude and 112 degrees, 26 minutes, 17 seconds west longitude. The U.S. Environmental Protection Agency (U.S. EPA) has authorized the Executive Secretary of the Utah Solid and Hazardous Waste Control Board to issue such a permit under Section 3006(b) of the Resource Conservation and Recovery Act (RCRA).

The Permittee shall comply with all the terms and conditions of this permit. The permit consists of Modules I through V and Attachments 1 through 10. The Permittee shall also comply with all applicable State rules, including R315-1 through R315-102. Applicable rules are those which are in effect on the date of issuance of this permit and any self-implementing provisions and related rules that, according to the requirements of HSWA, are automatically applicable to the Permittee’s hazardous waste management activities, notwithstanding the conditions of this permit.

This permit is based on the premise that the information submitted in the original permit application, as modified by subsequent amendments, permit modification requests received throughout the term of the original permit, and the permit renewal application, as modified by subsequent amendments, is accurate. The Permittee’s failure in the application or during the permit issuance process to disclose fully all relevant facts, or the Permittee’s misrepresentation of any relevant facts at any time, may be cause for the termination or modification of this permit, the initiation of enforcement action, including criminal proceedings, or any combination of these remedies. The Permittee shall inform the Executive Secretary of the Utah Solid and Hazardous Waste Control Board of any deviation from or changes to the information on which the application was based which would affect the Permittee’s ability to comply with the terms and conditions of this permit.

The Executive Secretary will enforce all terms and conditions of this permit. Any challenges to any condition of this permit shall be appealed to the Utah Solid and Hazardous Waste Control Board in accordance with the applicable provisions of the Utah Code Annotated.

This permit is effective as of September 30, 2008, and shall remain in effect until September 30, 2018, unless revoked and reissued pursuant to R315-3-4.2, terminated pursuant to R315-3-4.4, or continued in accordance with R315 3 5.2 and the conditions of this permit.
